Addendum I RFP #2022-018 Legal Services Child Support

- Q1. I see that the position is intended not to exceed 30 hours per week. Is there an estimated number of hours that can be expected?
- A1. Likely no more than 16 hours per week, but it could be more depending on changing circumstances.
- Q2. How long is this position expected to last? Will it be considered long term or more of a short-term obligation?
- A2. At this time, the expectation is short-term. Early to mid-February 2022 should be the end of the obligation, but circumstances could change such that the end date is later. We would not expect beyond June 30, 2022 at the very latest.
